

MICHELLE J. ABACHE

Aspiring UI Designer | Digital Artist

abachemichelle@gmail.com | +63 992 9334 211 | Calauan, Laguna, Philippines

PROFESSIONAL SUMMARY

BSIT student and aspiring UI Designer with hands-on experience in product design, digital art, and e-commerce design. Skilled in creating visually engaging digital interfaces and product assets, with knowledge of UI/UX principles, visual hierarchy, layout, and web development. Detail-oriented and eager to apply both creative and technical skills in designing functional, user-centered digital experiences.

WORK EXPERIENCE

Product Designer | Online Shop

2025 - Present

- Designed and maintained visual layouts for an online store across multiple e-commerce platforms.
- Created product visuals, promotional materials, and digital assets for custom button pins and other products.
- Designed covers and visual materials for independently produced puzzle books and other printed products.
- Applied **visual hierarchy, typography, composition, color theory, and image editing** to improve product presentation and consistency.

PROJECTS

Pokédex Web Application | 2nd Year Final Project

Information Technology Project

- Developed a web-based Pokédex application with separate frontend and API components.
- Designed and implemented user interface elements for browsing and viewing Pokémon information.
- Worked with **frontend development, API integration, database-related technologies, and Git version control**.
- Collaborated on the development and organization of a functional web application as a final academic project.

EDUCATION

Bachelor of Science in Information Technology | Polytechnic University of the Philippines - Calauan Campus 2024 – Present
